

Vintage Boardwalk Pre-cut Kit Update

Pink Mini Awning Stripe Fabric

The first batch of pre-cut kits from Maywood Studio have the stripes of the *Pink Mini Awning Stripe Fabric* going in the opposite direction than what is depicted in the Vintage Boardwalk Book cutting diagrams.

You can choose to cut the fabric as directed in the book, which will alter the directions of the stripes in the Ticket Block as shown.

If you choose to keep the stripes in the same direction as shown in the book, here is an adjusted cutting diagram and directions.

Note: Background Blocks are typically cut larger to make it easier to work with and to account for any pulling that occurs with embroidery. Since the embroidery is occurring on the Embroidery Leather there is little to no pull on the Background Fabric. Special care will need to be taken when centering the fabric for embroidery, as there is little excess fabric.

For sewing, use the above cutting diagram and follow the directions as indicated in the book.

For Machine Embroidery, follow the directions below.

Tickets

Make 1 block.

Embroidery File: 5x7_Tickets

Fabric 1: Background (1) 3 x 9"
Embroidery Leather: Tickets (1) 8 x 2 1/2"

1. Mark the center of the sticky-back wash-away stabilizer. The sample was made by folding the stabilizer and creasing the center lines.
2. Hoop sticky-back wash-away stabilizer with the center of the stabilizer in the marked center of the hoop.
3. Score and remove the glossy paper from the stabilizer.

4. Mark the center of the Background Fabric. The sample was made by folding the fabric to find the center and ironing creases.
5. Carefully place the center of fabric in the marked center of the hoop.
6. Press the fabric firmly to the stabilizer
7. Follow the directions in the book to complete the embroidery and follow the trimming instructions on page 14.

Red Mini Awning Stripe Fabric

The *Red Mini Awning Stripe Fabric* is also going the opposite direction. Cut the fabric as directed below.
